Re: IMPORTANT : IJF and EJU Back Patches

From the 1st January 2010, it is **COMPULSORY** that all competitors competing in any **EJU/IJF** competition must have the new back patches on their Judogi.

IT IS YOUR RESPONSIBILITY TO PURCHASE & PREPARE THE NEW BACK PATCHES

FIXED FOR EVERY EVENT: Name and Country Code (ie Fallon, GBR)

1. Every Athlete has to order his /her personal original back number with Name and Country through :

www.mybacknumber.com

2. Only with this original identification the athlete is allowed to compete in IJF and EJU events.
3. Self prepared or copied identifications are not allowed. **In this case the judoka will be disqualified.**
4. Think about some reserve numbers in case of damage.
5. From the 1st Jan 2010, the Judoka has to arrive for every competition with prepared Name and Nation identification.
6. It can take up to 4 weeks for the Back Patches to arrive – ORDER NOW

If the Judoka arrives unprepared, they will not be allowed to compete.

Any players selected for :

Bremen, Cadet RUS/CZE/POL, Junior AUT or the ECC's must have this back patch prepared on your Judogi.

NO BACK PATCH – NO COMPETITION

Any queries should be directed to myself.
