Following the GB Cadet trials held in Kendal on Saturday 7<sup>th</sup> May , the England programme has decided to partially fund those selected England players that competed at the event and weren't selected for the European Cadet Championships or European Youth Olympic Festival to compete at the Venray International on 19<sup>th</sup> June 2011.

This decision has been taken to help provide players with the opportunity to gain exposure to international competition as part of their continued development. Those selected players will receive £100.00 towards the total cost of the event.

Players will be contacted in due course to confirm availability and travel details.

Any players (Pre-cadet, Cadet, Junior and Transition) who wish to travel to Venray to compete, but didn't compete at the GB Cadet trials, are still welcome to do so and should contact Trevor Sitlinton as soon as possible to declare their interest.
