

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

Revised edition Aug 09

EFFECTIVE 1ST JANUARY 2009

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

INTRODUCTION

This syllabus comes into effect on 1 January 2009 and supersedes all previously published syllabi.

The belt system is a distinctive feature of judo. Judoka can test their ability, by entering for examination, within a system of grades, and by demonstrating superiority over a cross-section of players at the same level by winning promotion to the next rank. In this way successive ranks become populated by increasingly skilful players until eventually all judoka who participate consistently are distributed through the hierarchy according to their proven ability.

The time-honoured distinction is between Kyu (student) and Dan (advanced) grades. Put simply, the distinction marks the point at which the emphasis shifts away from the acquisition of technique on to its effective application.

Promotion with the Dan degree does not carry a change of designated colour until 6th Dan is reached. Even then it is customary for the holder to continue wearing a black belt in everyday practice, reserving the official colour for instructing, coaching, presentations and ceremonial occasions. The Dan grades are as follows:

Grade	Belt Colour	Traditional Name
1 st Dan	Black	Shodan
2 nd Dan	Black	Nidan
3 rd Dan	Black	Sandan
4 th Dan	Black	Shidan (Yondan)
5 th Dan	Black	Godan
6 th Dan	Alternating red and white blocks	Rokudan
7 th Dan	Alternating red and white blocks	Shichidan
8 th Dan	Alternating red and white blocks	Hachidan
9 th Dan	Red	Kudan
10 th Dan	Red	Judan

There are five ways that a judoka may be promoted to and within the British Judo Association (BJA) Dan grades:-

- 1. Competitive:** The traditional method of gaining promotion based on skill in contest, theoretical knowledge and ability to demonstrate specific techniques.
- 2. Technical:** An examination of a candidate's technical understanding and knowledge of specific techniques.
- 3. High Grades above 5th Dan:** Are by Board of Directors decision based on International Judo Federation (IJF)/ European Judo Union (EJU) guidelines and National Promotion Commission recommendation.
- 4. Outstanding Performance:** Again a Board of Directors decision based on the Outstanding Performance policy and Promotion Commission recommendation for International and ex-international judoka.
- 5. Honorary:** This is extremely rare and is a Board of Directors decision, normally for non-judo people.

TECHNICAL

Promotion under the technical scheme is based on technical understanding and knowledge. The examiner will test that the candidate understands the key principles involved in the application of the techniques, demonstrating where appropriate best grip, attacking opportunity and movement. The exam is split into 10 sections that can be completed all on the same day or over a period of time. The examiner must be a Technical Dan Grade Assessor or Senior Examiner and can examine up to and including the grade that they hold. A guide to the examining process is on page 10. The assessor may charge whatever assessment fee is appropriate. When candidates have satisfied the time in grade requirements, they submit the application for promotion to the NDGR, enclosing a completed exam sheet together with Record book, current licence and fee of £25. From September 2009, a Technical Dan Grade Record card will also be used to record completion of each section and when fully complete this also should be sent to NDGR.

Promotion to High Grades above 5th Dan

The BJA Board of Directors will, on the recommendation of the Promotions Commission based on the published IJF/EJU guidelines, consider for promotion all judoka who have been in their current grade for a minimum of five years.

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

Outstanding Performance

The BJA Board of Directors will, on the recommendation of the Promotions Commission, consider promotion in accordance with Outstanding Performance Policy for International Judoka including competitors, referees, coaches and officials who have not been able to undertake promotion exams due to International commitments.

Honorary

All honorary promotions will be made by the BJA Board of Directors. There is no formal application process.

Competitive

Promotion to and within the Dan Grades up to the level of 5th Dan, is based on skill in contest and technical ability demonstrated through the performance of specific techniques. Generally the theory requirements for each grade will be in two parts: the demonstration of certain mandatory techniques and other techniques chosen by the candidate. All of the required techniques are listed on the Theory exam form.

CONTEST, TIME AND AGE REQUIREMENTS

Dan Grade	Section A	Section B	Section C
	Points Required	Time Requirements	Minimum Age
1 st Kyu to 1 st Dan	100	6 months as 1 st Kyu	15
1 st Dan to 2 nd Dan	100	1 year as 1 st Dan	17
2 nd Dan to 3 rd Dan	100	2 years as 2 nd Dan	20
3 rd Dan to 4 th Dan	100	3 years as 3 rd Dan	24
4 th Dan to 5 th Dan	100	4 years as 4 th Dan	29

SECTION A – CONTEST REQUIREMENT: POINTS RECORD

Points can be gained in promotion examinations and/or competition.

However, if a candidate is successful in a promotion examination i.e. completion of a line up, this will take priority over the accumulation of points, but the candidate must still satisfy Section B and C, time in grade and age requirements.

In order to be eligible to go to the line up section in a promotion examination, candidates must have a minimum of two, maximum of 3 individual contests, with a minimum of 2 wins by ippon. Male candidates over 35 and female candidates over 30, require a minimum 2 wins totalling 17 points.

At a promotion examination, each candidate will be guaranteed a minimum of two contests regardless of results.

SECTION B – TIME REQUIREMENTS

Candidates must have completed the minimum period of time within their grade before being promoted, having also satisfied Section A and C. This time in grade must be supported by BJA membership. Any lapse in membership will not count towards time in grade; however accumulated time in membership will be accepted.

Section C – Age Limitations

A candidate must have attained the age requirements specified for the grade to which he/she aspires, having also satisfied Sections A and B.

Opportunities for Scoring Points towards Promotion at Competitions

GROUP ONE TOURNAMENTS

Olympic Games

Senior and Junior World Individual Championships

Senior and Junior European Individual Championships

Super World Cups

World Cups

Senior International B Tournaments

A player representing the BJA at the above official IJF/EJU competitions will be awarded 10 points towards their next grade for every contest won regardless of the score except for Kiken-gachi and Fusen-gachi.

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

Candidates must complete the relevant time in grade, theory and age requirements for each grade, up to and including 5th Dan.

Group Two Tournaments

Approved British Judo Association 3 Star/Level 3 points scoring tournaments

In Group Two Tournaments, 7 or 10 points scored by waza-ari or ippon against equal or higher BJA grades will accumulate towards promotion. Points scored against lower grades or non BJA graded players, do not count and must not be recorded in the candidates points record.

Notes re Approved 3-star/Level 3 Point Scoring Tournaments

For tournaments to be point scoring, they must have a minimum 3 Star/Level 3 rating under the BJA National Tournament Licensing Scheme.

The Tournament Director must apply for the event to be point scoring when applying for the Tournament Licence. If approved, this will be indicated on the Tournament Licence displayed at the event.

Points scoring at such events will be entered in the Competitors' points scoring cards by a responsible official and a duplicate of the results from the preliminary rounds to the finals will be sent to the National Dan Grade Registrar within 30 days of the event. Any points cards left behind at tournaments must be returned to the judoka by the competition controller or if unable to do so, be sent to the National Dan Grade Registrar.

Masters Tournaments for Judoka aged 30 and above

Seven or ten points scored by waza-ari or ippon in Masters Tournaments against equal or higher IJF grades will count towards promotion. The candidate is to provide proof of points gained, to the National Director of Examiners by copies of pool sheets that indicate the opponents' grade or other such official paperwork.

CONDITIONS AND ADMINISTRATION

Section A In recording points, these are derived in the following way:

Ippon	10 points
Waza-ari	7 points
Sogo Gachi	10 points

PROMOTION EXAMINATION CONDITIONS

Results gained in Promotion Examinations will be converted into the points system and recorded and certified in the candidates points card by a Senior Examiner officiating.

In addition, the Senior Examiners will complete the examination sheet with all details, this being the official record for the National Dan Grade Registrar. The recommended contest duration at promotion examinations is four minutes. A Supplementary Report Form should be used to record any unusual occurrences.

In any contest, if the contest is terminated by Hansoku-make (disqualification) or by Kiken-gachi (win by withdrawal), then if the winner has already scored Waza-ari he/she will be awarded seven points towards promotion.

Where a contest is terminated by Hansoku-make (disqualification) at a promotion examination, the Senior Examiner responsible for the promotion examination, should give the candidate who was not at fault, another contest, this decision is at the examiners discretion.

Where a contest is terminated by Fusen-gachi (win by default) no points are awarded.

In a contest where both competitors have gained Waza-ari, neither player gets any points towards promotion. The two Waza-aris have, in effect, cancelled each other out. Minor scores do not count towards promotion.

Points accumulated towards promotion in Group Two Tournaments will be recorded in the competitor's points scoring card by the Tournament Director or appointed deputy working from the official results of the competition. The Tournament Director will be responsible for submitting a composite record of all points gained to the National Dan Grade Registrar. The National Dan Grade Registrar will be supplied with the official results of all Group Two Tournaments.

It should be noted that all contests in each Tournament Group are official BJA contests or where the player has entered a contest under the aegis of the BJA. Other contests will not contribute to the candidate's point's record.

All points scoring events in Group 2 Tournaments must have BJA referees officiating.

SAME DAY POINTS IN POINT SCORING COMPETITIONS (NOT GRADINGS)

The maximum number of points that may be scored in any points scoring event against the same player is twenty via two ippon wins or two wins that accrue 17 or 14 points.

Where two players of minimum age 15, first Kyu and above compete in a 3-star/Level 3 and above event under BJA junior/cadet rules promotion points may be awarded, but the Tournament Director must seek prior approval from the National Promotions Commission. If approved by the Commission, this will be indicated on the Tournament Licence displayed at the event.

CONTEST REQUIREMENTS

Traditional Line-up System

The minimum number of candidates is six. (Three, four or five candidates may, if they wish, have a maximum of three individual contests for the purpose of scoring promotion points.)

Each candidate is entitled to a minimum of two individual contests.

A candidate is entitled to a third individual contest if they have won a minimum of one contest by Ippon. A candidate who wins their first two contests by Ippon will automatically go forward to the line up section and should not be given a third individual contest. Winners should be matched in the 2nd and 3rd rounds.

A candidate who is male and 35 years or over or female and 30 years or over who wins their first two contests by Ippon and Waza-ari or vice-versa will automatically go forward to the line up section and should not be given a third individual contest.

A candidate who is male and 35 years or over or female and 30 years or over winning their third contest by Ippon or waza-ari will qualify for the line up section.

A candidate should not have more than 3 individual contests.

A candidate who is entitled to a third individual contest must not be given their third contest in another candidate's line up.

To be successful in their line up a candidate must win all three contests by Ippon.

A candidate who is male and 35 years or over or female and 30 years or over must win all three contests and accrue a minimum of twenty seven points.

At a promotion examination, where all male candidates are 35 years or over, the under 35 years rules will apply.

At a promotion examination, where all female candidates are 30 years or over the under 30 year's rules will apply.

A candidate who fails to complete their line up, in exceptional circumstances may be used in another candidate's line up, e.g. injuries to candidates or numerous line ups and low number of candidates.

The tables below are for guidance:

Individual Contests Men under 35 years/Men 35 years or over where there are no under 35's present. Women under 30 years/Women 30 years or over where there are no under 30's present.

Table 1: Individual Contest Results

Contest 1		Contest 2		Contest 3		
Ippon	+	Ippon	+	—	=	Line Up
Ippon	+	No Ippon	+	Ippon	=	Line Up
No Ippon	+	Ippon	+	Ippon	=	Line Up
Line-up Contest Results						
Ippon	+	Ippon	+	Ippon	=	Line-up Successfully Completed

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

Individual Contests Men 35 years or over mixed with men under 35 years – Women 30 years or over mixed with women under 30 years.

Table 2: Individual Contest Results

Contest 1		Contest 2		Contest 3	=	
Ippon	+	Ippon	+	—	=	Line Up
Ippon	+	Waza-ari	+	—	=	Line Up
Waza-ari	+	Ippon	+	—	=	Line Up
Ippon	+	Loss/Draw	+	Ippon	=	Line Up
Loss/Draw	+	Ippon	+	Ippon	=	Line Up
Ippon	+	Loss/Draw	+	Waza-ari	=	Line Up
Loss/Draw	+	Ippon	+	Waza-ari	=	Line Up
Loss/Draw	+	Waza-ari	+	Ippon	=	Line Up
Waza-ari	+	Loss/Draw	+	Ippon	=	Line Up

Women under 30 years and men under 35 years must accumulate points as shown in table one.

Individual Line up Results

Contest 1		Contest 2		Contest 3	=	
Ippon	+	Ippon	+	Ippon	=	Line-up Successfully Completed
Ippon	+	Ippon	+	Waza-ari	=	Line-up Successfully Completed
Ippon	+	Waza-ari	+	Ippon	=	Line-up Successfully Completed
Waza-ari	+	Ippon	+	Ippon	=	Line-up Successfully Completed

If due to unforeseen circumstances an Examiner cannot offer the candidate a line up without fighting a player they have already fought he/she should consider other options under the Senior Examiner Assessment Scheme.

SENIOR EXAMINER ASSESSMENT SCHEME

When it is not possible to follow the traditional line up scheme or round robin collection of points, Senior Examiners may consider any alternative method of providing a credible grading opportunity. When departing from the laid down procedures the Area Director of Examiner or Senior Examiners who is organizing the grading must contact a member of the National Promotions Commission or any Commission approved official listed on the register maintained by the National Director of Examiners, on the day and discuss the viable options. Following the discussion and agreed format the Area Director of Examiner / Senior Examiners may then be authorized to proceed with alternative solution recording on the Supplementary Report Form the format used and the name of the National Promotions Commission member consulted. The following are two possible examples that may be considered, there are also many other options:-

Contest Requirements – Example: Five Wins out of Six

The recommended minimum number of candidates of the same grade for this format is seven. This format is useful when during a traditional line-up grading; there are no candidates due to injury, miss-match of weights etc available to form a line-up of three opponents.

All candidates will have a guaranteed minimum number of three contests. For the first three rounds candidates will be matched with the players of the same age and weight regardless of results.

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

Men under 35 years, Women under 30 years and Men over 35 where there are no under 35's present, Women over 30 where there are no under 30's present

Candidates with a minimum of two wins by Ippon will be given further contests until they have either lost and/or drawn two contests on the day or win five contests out of six.

Candidates who have lost and/or drawn two contests may be given further contests for points scoring purposes, but will not qualify for promotion on the day.

At no stage should candidates fight each other twice.

Round One	Round Two	Round Three	Round Four	Round Five	Round Six	
Ippon	Ippon	Ippon	Ippon	Ippon	N/A	Line-up Successfully Completed
Ippon	Ippon	No Ippon	Ippon	Ippon	Ippon	Line-up Successfully Completed
Ippon	No Ippon	Ippon	Ippon	Ippon	Ippon	Line-up Successfully Completed
No Ippon	Ippon	Ippon	Ippon	Ippon	Ippon	Line-up Successfully Completed

Results for Men 35 years or over when mixed with men under 35 years, Women 30 years or over when mixed with women under 30 years.

Round One	Round Two	Round Three	Round Four	Round Five	Round Six	
Ippon	Ippon	Ippon	Ippon	Waza-ari	N/A	Line-up Successfully Completed
Ippon	Waza-Ari	Ippon	Ippon	No Ippon	Waza-Ari	Line-up Successfully Completed
Ippon	No Ippon	Waza-Ari	Waza-Ari	Ippon	Ippon	Line-up Successfully Completed
No Ippon	Waza-Ari	Ippon	Ippon	Waza-Ari	Ippon	Line-up Successfully Completed

Male Candidates 35 years or over and Female 30 years or over must have a minimum of one Ippon win and one Waza-Ari win in their first three rounds to be allowed to continue competing to be promoted on the day.

Contest Requirements – Example: Multi-grade 50 points on the day

This system could be used when there is a collection of various grades with less than 6 of the same grade.

For the first three rounds candidates will be matched with players in priority of the same grade, age and weight where possible regardless of results.

Candidates will be matched with players of the same grade for as many rounds as possible and then with players of the next higher or lower grade.

Candidates will continue fighting until they have either gained fifty points or have lost or drawn two contests.

Candidates who have lost or drawn two contests are not eligible to gain promotion on the day. However they may be required to provide contests for candidates who are eligible for promotion on the day and will accumulate points for promotion for any Waza-ari or Ippon win.

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

The following table shows the recommended points gained against the various grades:

Winner	Score	1 st Dan	2 nd Dan	3 rd Dan	4 th Dan
1 st Dan	Ippon	10	10	10	10
	Waza-Ari	7	7	7	7
2 nd Dan	Ippon	5	10	10	10
	Waza-Ari	5	7	7	7
3 rd Dan	Ippon	5	5	10	10
	Waza-Ari	5	5	7	7
4 th Dan	Ippon	5	5	5	10
	Waza-Ari	5	5	5	7

Candidates will have any successes converted into the points system and recorded in their points card in the manner laid down.

Points will accumulate, with others, to carry candidates forward to eventual promotion, providing the other conditions are met.

If the examiner feels that there are no competent players left for the candidate to fight, she/he may restrict the number of contests accordingly.

All candidates must satisfy the age limitation and time between grade requirements.

In exceptional cases, due to the very low number of female judoka, female 1st Kyus may be permitted to compete with female 1st Dan's and above. Under no circumstances will male 1st Kyus be allowed to compete against male 1st Dan's and above.

Competitive Dan Grading Guidelines for VI Judoka

1. Dan gradings where all judoka are classified as VI, can be run in line with the normal rules of VI competition. These are:-

- All judoka start in a standard sleeve lapel grip. On the command Rei they will bow and take hold. They must not move or start fighting until Hajime is called.
- Whenever Matte is called the judoka assume the restart position. The judoka may be accompanied to the position by the referee if needed.
- All scores will also be indicated by announcing Blue or White.
- The final decision should also be indicated by announcing Blue or White.
- When there is a discrepancy of standard hold ie Left handed Vs Right then judoka in Blue gets preference.

2. Where there is a mix of VI and mainstream judoka in a Dan grading, the above rules still apply however:-

- The mainstream competitor can choose whether he wishes to compete under this rule.
- The mainstream competitor cannot be forced to compete against a VI judoka.
- For matters of safety the VI judoka cannot start as per mainstream competition/grading rules.
- On VI judoka request, referee can inform judoka of time in contest remaining.

3. At all times the referee is responsible for the safety of the VI judoka and is to ensure all communications are clear and appropriate and the Judoka is accompanied on and off the mat if required to do so.

PROMOTIONS EXAMINATIONS – FREQUENCY

As candidates have to satisfy a minimum time in grade before promotion, there are no restrictions of the number of promotion examinations judoka can enter in any month or time period.

COMPLETION OF POINTS

When sufficient points are accumulated and all other criteria met, the candidate should send his/her record book and points card to the National Dan Grade Registrar. If the candidate is successful at a promotion examination and has completed all the requirements including age and time in grade, the Senior Examiner concerned will retain his/her record book and points card to send with the examination form to the National Dan Grade Registrar within 14 days.

When a candidate enters the contest part of a Promotion Examination he/she will be expected to continue with contests as required by the Examiners, regardless of whether he/she has reached the total number of points required to complete Section A. An Examiner is unable to promote and/or record any points gained by a candidate if he/she believes the candidate has conducted themselves in a manner contrary to the 'spirit of judo'. These actions are those such as withdrawing from the promotion examination once the candidate has accumulated enough points, feigning injury so as not to continue etc. This action should be recorded on the Supplementary Report Form.

PROOF OF AGE

Examiners may ask for proof of age and date of birth and these must be entered in points card and record book by the candidate to satisfy section C. The minimum age to accumulate points or enter a Dan grading is 15. A 15 year old cannot gain points from a 14 year old 1st Kyu.

TIME IN GRADE RULE

Candidates will no longer have to prove contest activity on completion of accumulating points when applying for their next grade, but must have accumulated BJA membership of the minimum years in grade or proof of non BJA judo activity.

SPECIAL NEEDS(SN) GRADINGS

The BJA understands that all judoka have a personal journey to make through the grading system. The purpose of the grading syllabus is to help coaches provide a safe, fun and stimulating learning environment where all people with special needs feel confident and motivated to reach their individual potential as a judoka. SN judoka may choose in consultation with their coach to take part in the mainstream technical syllabi for promotion to and within the Dan grades. If they decide that the mainstream technical syllabus is not suitable they should contact the Inclusion commission to participate in the separate Special Needs grading system.

The coach, examiner and judoka should work together and in the practical section where a waza is not possible due to any type of restriction or limitation by the judoka, then the waza should be substituted for a waza more appropriate but within the grading criteria. For any verbal part of the exam, the judoka can by any appropriate means, pass on the information required to the examiner. There is no pass or fail and the examination process has no time limit. When the examiner is satisfied that the candidate has completed the requirements for the module, this is recorded in the candidates' exam sheet and when all required modules are complete the candidate registers the application for promotion with the NDGR, submitting exam sheet together with Record book, Technical dan grade record card, current licence and fee of £25.

A great amount of discretion is given to the examiner, with the grading scheme being very flexible in dealing with all needs. All mainstream documentation should be utilised, however, on submission of grade registration to the NDGR, the Inclusion Commission is to be copied in (via BJA Head Office attention SN gradings co-ordinator) with any deviations from the syllabus in order to monitor and distribute best practice.

Important Note:

Each candidate taking part in an examination should be relaxed with no tension or stress. It is acknowledged that the candidates' own coach is best placed to determine the ability and best time to carry out the exam and therefore can assist the examiner during the process. If the candidate is unable to complete any section of the examination, the examiner will either adapt or replace the waza with one that the candidate is able to complete. The aim is to challenge players according to their individual abilities so that each player is fully able to reach their potential. The candidate should be given the opportunity to develop and demonstrate their skills and understanding of judo and therefore qualify and progress through the higher grades by virtue of their personal efforts. This grading process is a working partnership between coaches, examiners, players and parents/guardians.

TECHNICAL EXAMINATION – GUIDELINES FOR EXAMINERS AND CANDIDATES

The Technical Dan grade is a qualification based on knowledge and understanding. There are many ways the exam may be carried out depending on any physical restrictions the candidate may have. The guidelines are a means of preparing both the candidate and the assessor for the performance of the exam. The list of requirements is not exhaustive or exclusive. The candidate is expected to have a greater depth of knowledge as they progress through the grades and will be examined on a progressively greater number of elements in each section. Completion of each section is recorded on the exam sheet that is sent to the NDGR and also in the Technical Dan Grade Record card that the candidate keeps in their record book. When all required sections in the card are complete, this is submitted to the NDGR who will be able to cross reference with previously submitted exam sheets before registering the promotion.

SECTION 1 Candidate is expected to have knowledge of many of the key points of the waza including:-

The waza in its traditional form,

Kuzushi and an alternative Kuzushi,

Tsukuri and an alternative Tsukuri,

Renzoku with the selected waza as 1st attack,

Renzoku with the selected waza as final throw,

Renraku with the selected waza as 1st attack,

Renraku with the selected waza as final throw,

Kaeshi using the selected waza as a counter and also as to how the waza may be countered,

Most suitable grip and an alternative grip,

Any other information such as uchikomi drills.

SECTION 2 Candidate is expected to have knowledge of many of the key points of the waza including:-

Standard performance of the selected waza

Performance version,

Method of escape,

Uchikomi drill,

Combinations either with waza as 1st or 2nd waza.

Methods of transition from tachi waza

SECTION 3,4,5 & 6 Candidate should understand the reasoning for linking the waza together such as-

Body contact, maintaining contact as Uke resists and reacts,

Feint to make an action to set up uke or to provoke a reaction,

Time phase using multiple attacks causing uke to change posture or grip,

Te waza where a hand movement cause uke to react and move into a weaker posture.

SECTION 7,8 & 9 Candidates are to be able to demonstrate knowledge by performing 1 complete kata for 1st Dan, 2 katas for 2nd Dan and 3 for 3rd Dan. Alternatively candidate can use 2 judoka that they have coached.

SECTION 10 Candidate should have a thorough knowledge of the waza, its development and influencing factors such as grip, movement and stance.

PROMOTION EXAMINATION – ADDITIONAL GUIDELINES FOR EXAMINERS

1. Examiners

Two Senior Examiners are the minimum required to conduct the competitive Dan Grade Promotion Examination and recommend promotion up to and including the same grade as the highest graded Examiner. Three Senior Examiners of any grade may recommend promotion up to and including 5th Dan, when sufficient Senior Examiners of senior grade are not available.

2. General requirements

All promotion examinations must be conducted in accordance with the memorandum and Articles of Association and Bye-Laws of BJA. A copy of the Dan Grade Syllabus and accident reporting form must be available at each examining table.

Only Senior Examiners possessing valid BJA cards of Authority and holding current individual membership are permitted to conduct examinations for promotion into and within the Dan grades.

The Examiner in charge is responsible for ensuring the mat area is suitable for a Promotion Examination.

The recommended minimum number of qualified referees required to officiate at a promotion examination is one per mat area. However the Examiner has the final decision on any scores and decisions.

The Examiner in charge is responsible for ensuring suitable medical cover is available.

Promotion Examination fees are not due to the BJA as these are included in the individual membership fee, except for the Dan Grade levies.

The Examiner must ensure the National Dan Grade levy, payable to the BJA, is forwarded to the National Dan Grade Registrar within fourteen days.

Candidates must produce current individual membership of the BJA on the day, failure to do so will mean the player cannot be included in the examination. The SE may use any other means such as online database to verify membership.

Candidates must be weighed in, the weight must be recorded on the exam sheet and where possible should be matched by weight in the first three rounds where appropriate.

Where possible, candidates from the same club will not be put together, especially in the first three rounds. In addition, players from the same Area should not be paired together in the first three rounds at National Gradings.

All points recorded in the points card must be written in words and numbers.

Any points cards issued should contain all the information required.

At Promotion Examinations, contests will be with opponents of the same gender.

At Promotion Examinations contests will normally be with opponents of the same grade. However, in exceptional circumstances with Promotion Commission authority, candidates may compete against players on a higher or lower grade than their own (see SE assessment scheme).

Candidates are referred to the official BJA Contest Rules, as they are required to be conversant with them. At promotion examinations these Contest Rules may be amended by the Examiner to suit the particular situation. Candidates will be informed prior to the start of the examination of any such amendments.

All demonstrations of techniques in the theory requirements examination should be done with the candidate and Uke on the move or in the appropriate practical positions described by the syllabus.

Demonstrations should be properly prepared over a period of time and should reflect the coaching standards set out by the BJA.

The syllabus requires that candidates demonstrate greater knowledge and higher levels of skill as they progress through the grades.

For promotion to 1st Dan and for promotion within the Dan grades, the theory sections of the syllabus can be taken before or after the contest requirements; it can be at the same event as the contests, or it can be a completely separate event. For the theory sections a theory exam form will be sent to the National Dan Grade Registrar (signed by the Senior Examiner responsible for the assessment). If the candidate is successful, the examiner will make an entry in his/her points card "Completed theory requirements for ...Dan", plus date venue and signatures.

No minimum number of candidates is required for a theory examination; it can be held for one person if required and a full contest area is not necessary. However, it is an examination and an appropriate mat area in a suitable venue must be used. For Dan Grade theory examinations, one Senior Examiner may examine up to and including their own grade. Two senior examiners of any grade may examine up to 5th Dan when a sufficient senior grade Senior Examiner is not available. It is good practice that two Senior Examiners should conduct all theory examinations.

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

3. Candidates

Candidates from non BJA judo groups being assessed should not be paired together in any section of the promotion examination.

Candidates who win a contest should be advised to inform the Examiner immediately after the fight to eliminate errors being made.

Candidates are not normally allowed to fight the same person twice in an examination.

When a candidate has completed the theory requirements for their grade, it is valid indefinitely.

Multiple Dan Grade theory or technical examinations are not permitted, candidates may only be examined one grade above the registered grade.

Candidates requiring technical recognition of grades from other organizations must take the Technical Examination. Recognition of Grades from IJF organizations is automatic and they just need to provide proof to National Dan Grade Registrar (see transfer instructions below).

Candidates must wear clean judogi and maintain a high standard of personal hygiene (clean feet, fingernails and toenails cut short, etc) for the examination. Hair must be secured back, if it is long enough to impede the opponent. No metallic or hard object may be worn. (Rings must be removed; it is not sufficient to cover them with adhesive tape). Blue judogi may be worn by either, or both candidates, gum shields, leotards are permitted. Blue judogi are permitted at promotion examinations whether the candidate is called first or second, however all examiners and coaches should encourage candidates to wear the appropriate judogi i.e. blue judogi/belt if called first, white judogi/belt if called second. Areas/countries may if they wish set their own policy requiring candidates to wear the correct judogi/belt. A mix of blue jacket and white trousers or vice-versa is not permitted.

Candidates for theory examination will be assessed in accordance with the BJA Marking Guidelines e.g. 10, 7, 5, 3, 0.

Candidates for the technical exam will be assessed in accordance with the BJA marking guide illustrated on the exam form and scores can range from 0 through to 10.

Candidates who request a points search by the National Dan Grade Registrar will be charged a fee.

4. Candidates from IJF/EJU member Organisations

If a candidate holding a BJA licence holds a Dan Grade in an association that is a member of the IJF then that grade is accepted by the BJA. The candidate should send proof of grade and BJA licence to the NDGR, who will register the grade as a BJA grade. There is no fee.

5. Transfers of grades from non BJA organizations

Candidates from non BJA organizations may convert to the equivalent BJA Dan grade.

If they are a competitive grade and wish to have a competitive BJA grade, they must first pass the relevant theory exam and then they must be assessed at a competitive Dan grading, initially with BJA judoka of their own grade. They pay the set grading fee that includes the Dan Grade levy. It is possible that the candidate may not only have their grade confirmed but may be able to satisfy the requirements for promotion to a higher grade. In circumstances where the candidate is unsuccessful in the assessment, the candidate is withdrawn from the grading and advised to re-present themselves for examination at a later date.

Candidates may also be assessed for a competitive transfer at a BJA points scoring competition. The assessor must be a Senior Examiner appointed by the National Promotions Commission and prior approval must be authorised by the National Director of Examiners. The action is reported on a Supplementary Report Form to include full details of the candidate, completed theory exam, names and grades of opponents and results.

Alternatively, instead of being assessed at a competitive grading, they may elect to undertake a Technical conversion and take the appropriate Technical exam. If successful they will transfer to a BJA Technical Dan grade. The fee will be set by the examiner and on completion; they must pay the BJA £25 to register the promotion.

If the candidate is a non competitive grade they will transfer to the same BJA Technical Grade subject to successfully completing the Technical Exam. If they wish to undertake a BJA competitive grade they would transfer over at the non BJA organization competitive grade that they held, by being assessed at a competitive Dan Grading.

All technical transfer applications of 3rd Dan and above must be accompanied with a Curriculum Vitae of their judo grading history and submitted to the National Director of Examiners for approval by the Promotions Commission before they then pass on to the National Dan Grade Registrar for registration. The approval will be based on a comparison of the candidates grading pathway timeline, with that of the BJA requirements, in terms of age and time in grade.

All transfers forwarded to the National Dan Grade Registrar must include the candidates BJA Record Book and original non BJA organisation Record Book with proof of grade.

BRITISH JUDO ASSOCIATION

DAN GRADE PROMOTION SYLLABUS

6. Promotion Recommendations

All promotions are recommendations only and are not confirmed until the National Dan Grade Registrar is satisfied that all criteria have been met and has entered the promotion in the National Dan Grade Register and the candidates Record Book. Until that time, candidates are not allowed to wear the appropriate belt colour or declare any such promotion. Examiners must not record any recommendation or promotion in the record book, only the National Dan Grade Registrar may make entries in the record book.

7. Key Appointments and Job roles

The Promotions Commission consists of the Chairman, National Director of Examiners and all Area Director of Examiners, various advisors and the National Dan Grade Registrar also provide assistance. Their role is all strategic and operational activities within the complete grading structure and also consists of an operational commission for the day to day activities of the National Promotions Commission.

The Area Director of Examiners is responsible for the day to day running of the grading system within their area, ensuring fair, consistent and accurate application of the promotion criteria.

The National Dan Grade Registrar is responsible for the complete range of activities involved with administration and registering of all promotions to and within the Dan grades, including the final recording of a promotion having been satisfied in consultation and final approval of the National Director of Examiners that all criteria have been met.

The National Director of Examiners is responsible on behalf of and reporting to the BJA Board of Directors, for developing, managing and maintaining all aspects of the BJA's Promotions and Gradings framework including the final decision on the award of any grade in consultation with the National Promotions Commissions Chair. Activities include working with all Area Director of Examiners in the delivery of key objectives as set out in the National Promotions Commission's policy documents and assisting the National Promotions Commission Chair in the administration of the Commission's work and associated activities including monitoring, managing, quality control and reporting.

BJA GRADING REQUIREMENTS

COMPETITIVE PROMOTION REQUIREMENTS
