

GENERAL

WHY IS THE BJA CHANGING THE DAN GRADE SYLLABUS?

The current scheme, introduced in 1982, is based on 67 techniques. The updated scheme introduces an enhanced curriculum encompassing the latest techniques—the 100 Kodokan, the recognised techniques of the International Judo Federation. Changes have also been necessary to align BJA Dan Grading Policy with the International Judo Federation Dan Grading Policy.

WHY HAVE CHANGES TO KATA REQUIREMENTS, TIME IN GRADE, AND NUMBER OF IPPONS WINS BEEN MADE?

As a member of the International Judo Federation (IJF), the BJA has agreed to act in accordance with the IJF Dan Grade Policy. These changes have been made to bring the BJA in line with the IJF requirements.

WHEN DOES THE NEW SCHEME START?

The new scheme starts on 1st January 2026. However, to assist a smooth and gradual transition, a “soft landing” period of 6 months will start from 1st July 2025. This will enable training to be provided and members to familiarise themselves with the scheme's online resources.

WHY DO THE 100 KODOKAN TECHNIQUES INCLUDE TECHNIQUES THAT CANNOT BE USED IN COMPETITION?

These techniques have been included to honour the heritage and history of Kodokan judo. Some of these techniques are dangerous and must not be applied. For the skills examination, these techniques can be explained as needed for the examiner to verify understanding and awareness.

WHAT ARE THE MAIN CHANGES BETWEEN THE CURRENT SCHEME AND THE NEW SCHEME?

- a. The new scheme has 30 techniques that are not included in the current scheme – 22 nage-waza and 8 katame-waza.
- b. A specified kata is required for each dan grade
- c. The time in grade has increased for each dan grade within the competitive scheme.
- d. The number of ippon wins has increased by two from 3rd dan to 5th dan.
- e. The time in grade for each dan grades in the technical scheme has been updated. It now ranges from 5 to 8 years, with a minimum of 5 years and a maximum of 8 years, reflecting the contribution made.

DO I NEED TO PAY A FEE TO DO THE SKILLS EXAMINATION?

The BJA does not charge a fee for the Skills Examination. However, an examiner may make a charge to cover their expenses.

WHY HAS THE NUMBER OF YEARS FOR EACH GRADE WITHIN THE TECHNICAL SCHEME INCREASED

To recognise the contribution made by those active in promoting and developing the sport of judo, four categories, A, B, C, and D, have been applied (recognition of contribution), which will determine the years required in grade e.g. category 'A' 5 years and category 'D' 8 years. Recognition will be awarded to candidates actively involved in technical and official roles, such as referees, officials, coaches, and examiners.
