PODIUM LEVEL

Podium fighters are identified as fighters who have the potential to qualify and medal in Tokyo.

There are two levels of award at Podium Level, A & B and they are determined by achieving performances at our annual Milestone Targeted Event – in 2016, the Rio Olympic Games will be our milestone target.

A Level	2016 Rio Olympic Medal World Championships Medal 2017, 2018, 2019	£28,000 per annum
B Level	2016 Rio Olympic Top 8 Placing World Championships Top 8 Placing – 2017, 2018, 2019	£21,500 per annum

Fighters who achieve A level performance will be funded at A level for up to 2 years, providing that they are achieving a minimum performance level of one of the performance levels in the following year:

- European Medal
- Grand Slam Medal
- 2 x Grand Prix Medals

Fighters who achieve B level performance will be funded at B Level for 1 year only and must perform at this this level annually to maintain this level of support.

PODIUM POTENTIAL LEVEL

Podium fighters are identified as fighters who have the potential to qualify for Tokyo and/or qualify and medal at the 2024 Olympic Games with an AGE PROFILE between 17 and 26 years of age.

Fighters are expected over time, to progress onto Podium level **within 4 – 6 years**.

There are four levels of APA at Podium Potential Level – C, D, E and F and these are determined by Trademark Profile and performances at identified events plus conditions.

C Level	£15,000 per annum	Maximum of 4 years
D Level	£10,000 per annum	Maximum of 4 – 5 years & progression against the Trademark Profile
E Level	£8,000 per annum	
F Level	£7,000 per annum	

Podium Potential fighters must be showing improvements against the Trademark Profile over the year and be moving up the performance levels to display a continued progression towards Podium Level.

C Level – maximum of 4 years

For fighters to be considered for an APA at C Level, they must have achieved one or more of the following levels of performance:

- European Medal
- Grand Slam Medal
- 2 x Grand Prix Medals

Fighters will be funded at C Level for no longer than 4 years as it is expected that they would have progressed onto Podium Level within this time period.

Fighters who have not progressed beyond C Level within 4 years, may not be considered for membership to the WCPP if evidence shows that progression has stagnated or there is a decline in performance.

D & E Levels – maximum of 5 years

For fighters to be considered for an APA at D or E level, they must be aged between 17 and 26 years of age and will be assessed against the Trademark Profile. They will be expected to be able to evidence progression each year against the Trademarks in order to be considered for membership to the WCPP.

This is to ensure that Podium Potential fighters are developing against the Trademark Profile in order to have the technical components to ultimately transition as a Podium athlete and perform and medal at the Olympic Games.

To be considered for an APA at D and E Levels, fighters will be assessed against the Trademark Profile and then their level of performance.

D Level - TRADEMARK PROFILE, plus one or more of the following performances:

- European Championship top 5 placing
- Grand Slam top 5 placing
- Grand Prix Medal
- 3 x Continental Open Medals and **TWO must** be from IJF European Open events

E Level - TRADEMARK PROFILE, plus one or more of the following performances:

- 1 x European Continental Open Medal
- 3 x non-European Continental Open Medals
- Junior World Championships top 8 placing
- Junior European Championships top 8 placing

F Level - TRADEMARK PROFILE, plus :

- Performances in EJU Junior European Cups

Fighters that have achieved a performance level at D, E and F, but have not progressed against the Trademark Profile, may not be considered for funding on the WCPP.

Fighters will be funded at D, E or F Level for no longer than 4 – 5 years and must be aged under 26 years, as it is expected that they progress onto C Level within this time period.

To summarise, D, E or F Level funded fighters must achieve C Level within 4 – 5 years and must be showing progression on an annual basis against the Trademark Profile.
