With the start of a new England Squad Year and the easing of restrictions, the England Talent Programme invites all coaches to attend the ETDC sessions in their local region together to support the randori and any fighters attending from their club.

Club coaches help and support is a key aspect to make the ETDC sessions a success and any help will during sessions will be greatly appreciated by both the ETD and ETDC coaches.

The intention of the ETDC sessions is to have regular, accessible high quality randori for competitive fighters in England. Bringing together the best local coaches and fighters to improve and help ensure that England fighters have the best possible chance of achieving their potential on the mat.
