InsideOut[®]

Members mental health & wellbeing support

BJA have been provided for all our members (aged 18+ only,) complimentary access to Remi, **Inside Out AI mental health** coach for 6 months. During this time, users will be able to take advantage of all of Remi's features and the journaling tools in the InsideOut App. We truly believe everyone should have access to timely care, and we hope this gesture reinforces Inside Out mission and compliments BJA Mental Health & Wellbeing Strategy.

To get started immediately, as a member can sign-up here using [this link](#) that has been created. The link will enable them to download the InsideOut App. To note, members must use this link to download the App as this will grant them a subscription. If they try to download the App from the App Stores, they will get a notification to say they do not have a valid subscription and will be unable to use Remi and the self-help tools.

We hope you find this quick guide of assistance.
