Executive Summary

This policy details how British Judo will select and nominate fighters for Athlete Performance Awards (APAs) and inclusion into the British Judo WCPP in the LA Olympic Cycle.

This policy will come into effect from 1 October 2025.

British Judo reserves the right to amend this policy and will conduct an annual review to ensure the policy:

- remains fair and efficient;
- considers any external rule changes or amendments; and
- considers relevant input from selectors, fighters, coaches, and appeals panels.

All APAs will continue to be administered centrally by UK Sport. APAs are a UK Sport and National Lottery funded grant award enabling athletes to pursue medal success in the Olympic or Paralympic Games and in other major championship events. The APA system continues to be aligned to investment in sports' high-performance programmes, with APA funding designed as a contribution to enable athletes to fully engage with their training and competition programmes (living and sporting costs), to prepare them to meet the demands associated with progression towards the Olympic and Paralympic podium.

A fighter's eligibility to receive an APA is subject to them meeting the eligibility criteria detailed in the Eligibility and Nomination Process section.

Training partners are not eligible for APA Funding.

Policy Framework – Overview

The figure below shows the LA Olympic cycle UK Sport APA Framework. British Judo set performance criteria for each level of award.

£29,000		Athlete Confirmed		Athlete Graduated to Podium		A
£24,000					B	
£20,000					B* (Games Potential)	
Max £19,800						
Min £7,875			D			
Up to £7,875	E					
APA Award	Entry Level APAs		Podium Potential APAs		Podium APAs	

Podium APAs are designed to contribute to an athletes' living and sporting costs, whose profile indicates a strong prospect of achieving/contributing to medal winning performances at the Olympic or Paralympic Games within the cycle and who are already achieving/contributing to international results within the medal zone.

- Podium awards are made at A and B grades.

Games Potential APAs are designed to contribute to an athletes' living and sporting costs. This is an opportunity for athletes who have been in receipt of a Podium level award, do not currently meet the competition outcome standards to retain an A or B award, yet remain a strong medal prospect for LA 2028 or French Alps 2030. See below at 2.3 for detail of the application of flexibility in cycle.

- Games Potential awards are made at B* grade.

Podium Potential APAs are designed to contribute to sporting costs for athletes' who have been identified and confirmed as having the potential to bridge the gap to Olympic and Paralympic medal success at the Brisbane 2032 or Salt Lake City 2034 Games and have made the commitment to pursue this goal.

- Podium Potential awards are made at C and D grades.

Entry Level APAs are designed to contribute to an athletes' sporting costs in their first 1-2 years of inclusion in high-performance programmes, and to provide a period through which the potential of the athlete is explored and confirmed.

- Entry Level awards are made at E grade.

Fighter Places

UK Sport have confirmed 24 APA places for British Judo for the LA cycle and fighters will be nominated for an APA against the British Judo Performance Matrix using the Eligibility and Nomination Process detailed below.

British Judo will fund additional 'Programme' places to support fighters in the transition to the WCPP. Transition Programme fighters would be expected to transition to an APA within 2 years. Refer to the British Judo Programme Policy for further details on the selection process [GB Judo Policies - British Judo Association](#).

APA Funding and Performance Timelines

The British Judo APAs are scheduled to run on an annual basis from the 1st December through to the 30th November of the following year.

Throughout the funding period, each fighter will have a 6-month review to discuss progress against their agreed goals within their IFP (Individual Fighter Plan) and an annual performance review at least 1 month prior to the end of the current award period.

Following the 12-month review process, the Selection Panel ("the Panel") will review all fighters who meet the minimum performance requirement against the British Judo Athlete Performance Matrix as outlined in this document.

British Judo WCPP – Centralised Programme

If a fighter has been nominated for, and accepted, a C1 APA, or in exceptional circumstances agreed with the Performance Director, the fighter may be based outside of the British Judo Olympic and Paralympic National Training Centre.

Fighters who have accepted a C1 APA will work with British Judo to develop an IFP and agree a collaborative training and competition programme. This may incorporate training in different environments and coming to the British Judo Olympic and Paralympic National Training Centre for agreed training blocks.

Grounds for Appeal

The BJA Fast Appeals process is the only method of appeal should an athlete wish to appeal a selection, or de-selection, of an APA. The appeal must be submitted within 24 hours of notification and the BJA Fast Appeals Process can be found on the BJA website at <https://www.britishjudo.org.uk/wp-content/uploads/2024/10/British-Judo-Selection-Nomination-and-Deselection-Fast-Appeals-Procedure.pdf>.

Podium A

- A fighter will have achieved a medal winning performance at the Olympic Games or a medal winning performance at a Senior World Championships.
- **Olympic medallists** can, in principle, remain eligible to receive an A level APA for up to a maximum of four years (i.e. the LA Olympic cycle), provided they remain on track to achieve a medal winning performance in LA, by maintaining a WRL Top 8 and/or qualifying for LA in a seeded position.
- Fighters receiving an A level APA that has been triggered through a performance at a **Senior World Championships** can, in principle, remain eligible to receive an APA at this level for two years provided they remain on track to achieve a medal winning performance in LA, by maintaining a WRL Top 8 and/or qualifying for LA in a seeded position.

Podium B

- As a minimum, a fighter will have achieved a top 8 placing at the Olympic Games or Senior World Championships.
- Fighters receiving a B level award can, in principle, remain eligible to receive an award at this level for two years, provided they remain on track to achieve a medal winning performance in LA, by maintaining a WRL Top 16 and/or qualifying for LA in a seeded position.

World Championships in Olympic Year

- For consideration of Podium APA level awards in an Olympic year, performances at the Olympic Games will be considered as the milestone event within that year and **not** the World Championships.

LA Potential - previously in receipt of Podium A and B Level

- A fighter will only be considered at this level where they have previously been in receipt of a Podium A or B level award and there are **exceptional circumstances** that have prevented them retaining an award at that level.
- Despite not meeting the competition outcome standard to remain at A or B level, there will be strong evidence that the athlete is capable of bridging the gap to medal success in LA.
- LA Potential awards are made for no more than one year, however, they may be extended for up to two years in the first year of the LA funding cycle to recognise an athlete's developmental requirements during this period.

- Entry level awards will be offered for no more than two years.
- Fighters who have previously received an APA at D level or above will not be eligible for an Entry level award.
- Fighters who are identified at Entry Level will be in collaboration with the Home Nation programmes and will be aged between 18-22 years old.
- Fighters must have achieved one or more of the Entry level performance requirements.

Fighter Personal Programme Contribution

It will be expected that a fighter will contribute to their own annual Competition and Training Camp Programme.

Following the profiling process, an IFP will be developed in collaboration with the fighter. International competition and training camps will be offered to support the development of the fighter in pursuit of the goals detailed in their IFP.

The fighter will be expected to **supplement their own** international competition and training camp programme that is offered by the WCPP.

If a fighter receives an injury that restricts their international competition and training camp programme, they would be expected to contribute to any additional rehabilitation 'Return to Play' costs outside of the British Judo Olympic and Paralympic National Training Centre, for example residential attendance at the IRU (Independent Rehabilitation Unit).

All major championships at junior and senior level will be fully covered by the WCPP and selection for major championships will be in accordance with the published selection policy

Major championships will be as follows:

- Junior European Championships
- Junior World Championships
- U23 European Championships
- Senior European Championships
- Senior World Championships
- Olympic Games

In addition to the APA, athletes will receive membership of the Athlete Medical Scheme (AMS), which provides private medical insurance for physical and mental health related treatment. They will also be eligible to apply to UK Sport for the Personal Development Award (PDA) to enhance their personal development and facilitate their transition to careers beyond their sport.

Injury and Illness Policy

In the event of injury/illness (both physical and mental), and in cases where a fighter is considered likely to recover to full fitness for training and competition, the fighter will continue to receive their full APA for up to three months from the point the injury/illness occurred or was identified.

If, after three months the fighter remains unavailable for full selection or training, an expert review will be undertaken to confirm the likelihood that the fighter remains able to pursue success in the Olympic Games, and to agree a programme of rehabilitation and plot a timetable for return to full training and competition. The expert review will include medical personnel relevant to the fighter's condition.

Each case will be considered on its own merit, and further expert advice may be sought where the long-term impact of the injury/illness is unclear (such as referral to the mental health panel). The fighter's progress against the timetable will need to be reported to UK Sport every three months thereafter, until the fighter has either fully resumed training and competition or left the programme.

Subject to satisfactory evidence of the likelihood of return, the APA will continue to be paid at the existing award level for up to a year but will only be extended beyond this in exceptional circumstances.

Where there is medical evidence that the injury/illness will affect the long-term potential of the fighter, or where the fighter has shown neither progress nor commitment to the agreed rehabilitation programme, the fighter will be removed from APA support and will be provided with an appropriate period of notice given.

	Injury of up to 3 months followed by return to training and competition	Full APA support
	Injury more than 3 months Unavailable for selection /training	Full performance review APA funding up to a maximum of 1 year
	Lack of engagement to rehab programme, or long-term potential affected	Potential removal from the WCPP

Pregnancy

Being pregnant and an elite fighter should not be mutually exclusive, therefore, to ensure support is provided for fighters who wish to have a child whilst they are a member of the WCPP and in receipt of an APA, the following policy will apply:

A fighter in receipt of APA funding will remain eligible to access their full APA (subject to means testing) for the duration of the pregnancy at the APA level they were on at the time of becoming pregnant and for up to nine months post childbirth.

Continued access to the APA after childbirth will be dependent on:

The fighter's intention to return to the sport and the programme being discussed and confirmed no later than six months post childbirth

At the point where the intention of the fighter is clear, forming a mutually agreed plan/timetable for return to training and competition – this plan should acknowledge the fighter's experience of pregnancy, the impact on them physically and mentally and the nature of the event they are returning to

Monitoring, reviewing and confirming that the fighter has made the necessary commitment to this plan and is on track to return.

If the level of commitment and or progress against this plan are not demonstrated, the fighter will be given notice and offered a period of transition before the APA funding stops (see Athletes Leaving the Programme).

At nine months post childbirth, the potential of the fighter will be assessed and confirmed to UK Sport in order to continue to access the APA. It is important to note that this assessment will indicate the fighter's future medal potential and not necessarily performance outcomes.

A fighter who announces retirement from their sport during pregnancy or in the initial six months post childbirth, will not be given a further period of notice before the APA terminates.

In the event of complications either during the pregnancy or post childbirth, this policy will be flexed as is reasonable to accommodate these circumstances on a case-by-case basis.

Athlete Programme Breaks

An athlete may request 'time away' from their sport. Typically, athlete programme breaks will be undertaken in the first two years of a cycle (typically four years).

In the event of an athlete taking a programme break, the APA can continue to be received for a maximum of 12 months.

For breaks of up to 6 months, the athlete will receive their full APA (subject to means testing) from the point the break is agreed with the Performance Director.

For requests of between 7 and 12 months, the athlete will receive the full APA for the first 6 months, and 50% of their APA for the remainder.

Each case will be considered on its own merit, reflecting on, but not be limited, to the following criteria:

- a. The athlete's performance trajectory and selection expectations, considering any impact on world rankings, qualification (should the request be made in cycle), and any other considerations that might materially impact on the athlete's ability to meet agreed Games targets. Athletes should acknowledge the impact this may have on the APA grade being nominated for at the formal athlete review.
- b. A robust performance rationale for the break.
- c. An agreed fitness programme being in place, ensuring an appropriate level of fitness is retained to enable a smooth transition back into the programme at a mutually agreed time.
- d. Touch points with the programme being agreed.

Upon agreement of a programme break, the athlete will need to be renominated for an APA on the Athlete Nomination Portal, this can happen for up to a maximum 6 months.

At 6 months, an athlete review will be conducted, and a renomination is required.

For programme breaks of less than 3 months, nominations are not required.

Continued access to the APA post programme break will be dependent on:

- a. The athlete's intention to return to the sport and the programme being discussed and confirmed no later than one month before the programme break end date.
- b. At the point where the intention of the athlete is clear, forming a mutually agreed plan/timetable for return to training and competition.
- c. Monitoring, reviewing and confirming that the athlete has made the necessary commitment to this plan and is on track to return.

If the level of commitment and / or progress against this plan are not demonstrated, the athlete would be given notice and offered a period of transition before the APA funding stops (see Athletes Leaving the Programme).

An athlete may request 'time away' from their sport only once in an Olympic or Paralympic cycle (typically four years).

An athlete extending a period of downtime following participation at the LA 2028 Olympic Games, into an Athlete Programme Break must notify their sport within 8 weeks of the LA Games of their intent, i.e., whether they wish to continue to the Brisbane Olympic Games.

Transitional Funding Support

Fighters Joining the Programme

All fighters should participate in a comprehensive induction process when joining the high-performance programme and when changing between levels of the Performance Pathway. Where fighters are new members of the programme and are receiving an APA for the first time, British Judo will ensure the fighter(s) are provided with sufficient support and opportunity to effectively transition into the programme.

Transition between Sports

Where an athlete is attempting to transfer between two sports, and is currently in receipt of an A, B, C, or LA Potential APA, the athlete can be nominated for a transitional APA for up to two years before being expected to meet the APA selection standards in the new sport.

The APA can be extended beyond 12 months where circumstances prevent an athlete achieving a result or performance, which could include:

- a. Injury, illness, or pregnancy (see below)
- b. External factors such as cancelled competition opportunities
- c. The sport's schedule for athlete selection not aligning to this timescale.

Transition between Countries

Fighters who wish to transfer from another country to compete for Team GB or Great Britain & Northern Ireland at international competitions are not eligible to receive Public Funding and/or Publicly Funded Benefits until the Athlete (in addition to obtaining a British Passport or British Nationality) has received written confirmation from the British Olympic Association and British Judo of their eligibility to compete at international competitions.

Where a GB athlete wishes to transfer to and compete for another country, and / or if they have already qualified for the other country and obtained results (that means they are no longer eligible to compete for, or represent GB at international competitions), then the athlete will not be entitled to receive any Public Funding and/or Publicly Funded Benefits, as outlined in paragraph 3 of the Eligibility Policy.

Transitions from the WCPP

Transitional Support

Fighters can receive transitional support from the Performance Lifestyle advisor for 6 months after leaving the WCPP.

A minimum of a one-month notice period will be provided to all fighters that are no longer nominated at Podium or Podium Potential level or will receive a reduction in APA funding as a consequence of the level at which they have been nominated.

This period of notice will be within a fighter's current award term, i.e. fighter reviews will be conducted before APAs are due to expire to allow for this notice period and paperwork to be turned around.

Annual reviews will normally take place in October of each year and new APA's will commence on the 1 December of each year.

Additional transitional funding will be offered at the current grant level for a period of time dependent on the total continuous period of programme membership. This additional transitional funding will be provided as follows:

- >1 year but <2 years = 1 month transitional award
- >2 years but <3 years = 2 months transitional award
- >3 years = 3 months transitional award

Whilst sports are asked to accommodate as much of the transitional award period as possible within the current award term, new fighters can be nominated before the transitional award period ends. Any new fighters brought onto the programme during this period will not count towards the sport's utilisation figures.

Once a fighter leaves the programme, they will no longer receive access to medical cover through AMS. However, AMS cover will continue for up to a maximum three months after the month the fighter's funding ceases for an existing medical claim and treatment to finish. No new claims can be opened within this three-month extension period.

Where a fighter is leaving the programme for disciplinary reasons, or due to a lack of engagement in the programme, British Judo and UK Sport in consultation have the discretion to revoke any transitional funding.

Any fighter returning to the programme having previously received transitional funding will begin a new period of programme membership.

Fighter Transition Strategy and Process

A fighter's journey/experience on the WCPP will inevitably include a transition at some point in their career, either through injury, retirement, limited progression, non-adherence to the programme or lifestyle choices.

The Fighter Transition Strategy and Process is designed to articulate the stages that lead to a fighter's transition from the WCPP and to highlight the support that is available from British Judo and other key partners. Please see the figures below which explain the APA funding period and the stages of transitioning off programme following the annual Performance Review:

Figure 1: APA Funding Period

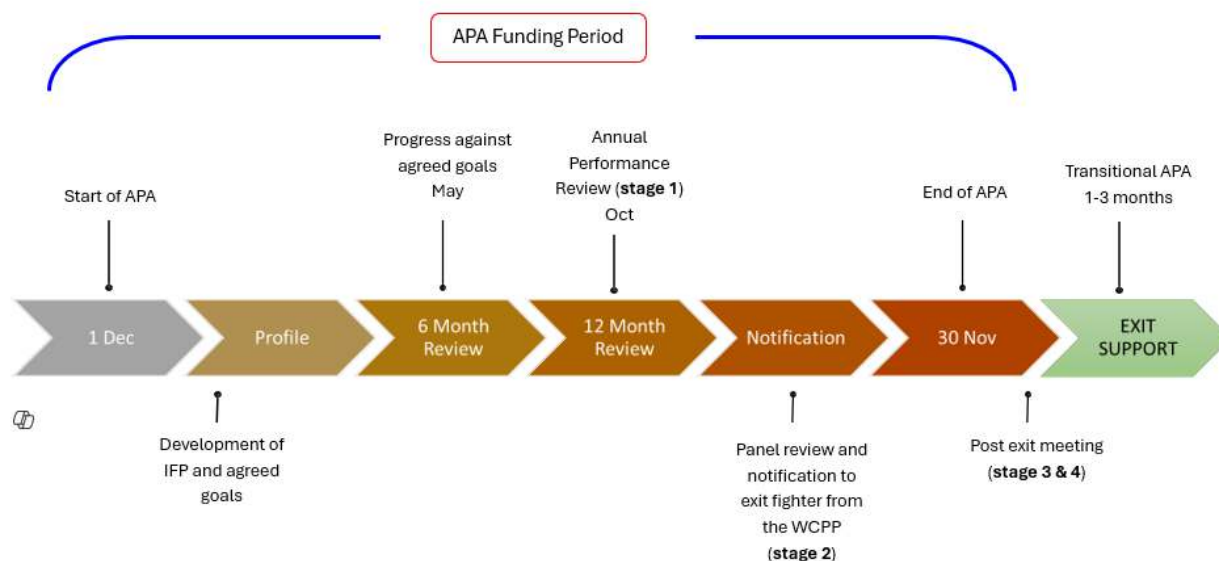

Figure 2: Stages of Exit
