### INTRODUCTION

The Junior European and Junior World Championships serve as key performance pathway events for athletes with the potential to compete and medal at this level. Results from GB teams at the 2026 Junior European and Junior World Championships ("the Championships") will play a critical role in shaping British Judo's strategy for the LA 2028 and Brisbane 2032 Olympic Games.

It is conditional of being selected for the 2026 Junior European & Junior World Championships, that all selected athletes follow the GB Preparation Programme.

Athletes should note that for all major championships, each delegation may enter a maximum of 9 entries in total for men and 9 entries in total for women, and a maximum of 2 athletes can be entered in each weight category. For this championship all athletes must be born between 2006 and 2011.

### SELECTION CRITERIA AND PROCESS

**JNR Bremen** International (Male) and **JNR Thuringia** International (Female) are NOT Junior European Cups, but have been classified as events that are of the equivalent level to the identified Junior European Cups, and will therefore also be considered as such through the selection process.

In sections 2 & 3, reference to medals achieved in 2026 refers to the definitive performance timeline from **1 January 2026 to 12 July 2026**, including all identified EJU and IJF World Ranking events during this period.

## 2. **First Round:**

An athlete will be selected to the GB Team where he / she achieves one or more of the following levels of performance (prioritised in descending order):

2.1	1x SNR Grand Slam or Grand Prix Top 7 placing
2.2	1x SNR European Open Top 5 placing
2.3	1x SNR European Cup medal
2.4	1x SNR Belgium Open medal + 1x JNR European Cup medal
2.5	3x JNR European Cup medals

## 3. **Second Round:**

In round two, athletes will be **considered** for selection by the Selection Panel ("the Panel") if they have met one or more of the performance standards listed below, in order of priority from highest to lowest. The Panel will assess each athlete against the criteria outlined in Section 5.

3.1	2x JNR European Cup medals
3.2	European Cadet Championships medal (in a junior weight category only)

3.3 If the number of qualified athletes exceeds the limit of 9 men or 9 women, and more than two athletes in any single weight category have achieved equivalent performance levels as outlined in sections 2 to 3, the Panel will determine which athlete(s) to select. This decision will be made at the Panel's discretion, taking into account the factors listed in section 4 and the provisions of section 5.

4. When considering selections in section 3 (Second Round), in addition to the level of performance achieved by an athlete, the Panel shall take into account, and give such weight as it considers appropriate, to the following factors:

- 4.1. Any athlete who may have been injured and had a Junior European or Junior World Championship top 5 placing in 2025;
- 4.2. An athlete's potential to win a medal;
- 4.3. An athlete's past result (when considering results, factors other than the final placing may be taken into account such as the standard of the event, the draw, the opposition, officiating, injury and any other factors that may have influenced the final results);
- 4.4. An athlete's stage of development and their ability to win a medal in the future;
- 4.5. The athlete's commitment to the GB and/or home nation development programme;
- 4.6. An athlete that has won a minimum of 3 contests in a single Junior European Cup;
- 4.7. Current level of physical fitness;
- 4.8. Current and previous medical / injury history;
- 4.9. An athlete's suitability as a team member and/or as an ambassador for the BJA (when considering 'suitability', factors such as behaviour and previous disciplinary record will also be taken into account).

5. Except for selections made under section 2, the Panel retains the discretion to determine whether to select two, one, or no athletes in any given weight category. This decision will be made based on what the Panel considers to be in the best interests of British Judo.

## 6. **Third Round: Team Event**

Should British Judo enter a team in the Championships, the Panel shall select the team according to what it considers will be in the best interests of British Judo.

7. Reserves may be selected by the Panel in cases where a weight category has already been filled as follows:
  - 7.1. Reserve athletes may only be considered if:
    - 7.1.1. They have met the performance criteria outlined in sections 2.1–2.5 or 3.1-3.2 and
    - 7.1.2. The Panel have assessed the athlete against the factors listed in section 4.
  - 7.2. The Panel reserves the right not to select any reserve athletes for a given weight category.
  - 7.3. Where the maximum team size has been reached, as outlined in 3.3, the Panel may rank reserve athletes according to their potential to medal at the Championships.
  - 7.4. In the event that a selected athlete withdraws from the GB Team, the confirmation of a reserve athlete's inclusion will be subject to the final entry deadlines set by the EJU or IJF.

*The IJF Junior World Ranking List (WRL) is not considered as a performance standard for consideration of selection to the Junior European & World Championships, as WR points are accumulated over a 2-year rolling period, thus disadvantaging any fighter who only has a one year Junior performance competition programme. Additionally, as Bremen and Thuringia are key junior events on the junior circuit, but do not carry IJF Junior WRL points, performances at these events would not contribute to a fighters overall Junior World Ranking.*
